r

User Manual of Remote Control

Thank you for purchasing the remote control. Please be noted that max. 6 pcs remotes can be programmed for swing gate opener and sliding gate opener. If you prefer to use more than 6 remote controls with your gate opener, please purchase an external receiver which allows you to program up to 100 additional remote controls.
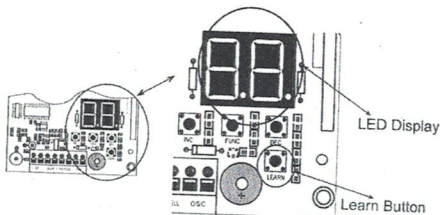

1

Use for Swing Gate Opener

Learn the remote

Press and release the learn button, the **LED** will display **"Ln"**, then press the key in the remote twice in 2 seconds, the **LED** will flash **"Ln"** for 4 seconds then back to **"- -"**. Now the remote has been learnt successfully.

Erase all the remote codes

Press and hold the learn button until the LED display shows "dL". Now all remote codes have been erased. Release the learn button and the display turns back to "– –".
